

SHOOT TWO MEN WHO
IGNORE HALT ORDER

Officers Seeking Bank Bandits at Laporte Nab Cargo of Liquor.

Special to News-Times:
LAPORTE, Ind., March 19.—Two men who refused to give their names were shot, but not fatally wounded, last night near Buck's crossing, this county, when they refused to stop their car at the order of officers who were guarding the highway hoping to apprehend the bandits who yesterday robbed the bank at Gallen, Mich., of \$6,000. One of the men received a lead of shot in the back while the other was wounded in the head. Search of their car brought to light whiskey valued at \$2,000. The men were taken to jail at St. Joseph, Mich., and will be held for trial in the federal court.

CONSIGNED COP TO
HADES; COURT SAYS

IT NOT PROFANITY

Four charges were preferred against Frank Obarski, who was charged with drunkenness, carrying concealed weapons, indulging in profanity and committing assault and battery. He met with leniency in the city court Saturday when Judge Gilmer fined him \$1 on the first charge, the others being dismissed when it was argued that a pocket knife was not a concealed weapon. The charge of profanity

was not substantiated by telling a policeman to "go to hell," the court explaining that the word "God" must enter in, while the assault charge was dropped by the defendant's father.

Obarski is an ex-service man and he is on his way to a vocational training school. The court took this matter into account, in view of the fact that he has had heretofore a clean record.

Paul Pizker, whose case was continued from earlier in the week, was fined \$50 when he pleaded guilty to the charge of receiving intoxicating liquor from a carrier.

PYORRHEA

(Riggs Disease)

is a disease of the gums around your teeth. The gums become sore, red, irritated and bleed easily. Pus is present and if let go will soon mean the loss of all teeth affected.

Take a Mirror and Look at Your Gums, Now

are they red and irritated? Are your teeth dirty and discolored? Can you squeeze pus from around teeth? If so you are going to loose your teeth from this disease unless you have it treated immediately.
